PROFESSIONAL EXPERIENCE

ZHD CONSULTING | Harare, Zimbabwe
Software Engineering Intern | October 2024 – Present

- Develop and implement full-stack software solutions using a modern tech stack including React, Node.js, and TypeScript, contributing to the company's project deliverables.
- Collaborate within an Agile/Scrum team to design, build, and test new features, ensuring alignment with project requirements and timelines.
- Utilize state management libraries like Context API and Redux to create responsive and dynamic user interfaces.
- Build and consume RESTful APIs for seamless data exchange between the frontend and backend systems.
- Write unit tests with Jest to ensure code reliability and maintain software quality standards.

- Participate in code reviews, adopting best practices and receiving constructive feedback to improve code quality.

EDUCATION & CERTIFICATIONS

- **TypeScript Developer Certificate** | [Scrimba](#) | 2025
- **BSc Software Engineering** | University of Zimbabwe | 2022 - present
